## PROFILE

Junior Frontend Developer with hands-on experience in building responsive user interfaces using HTML, CSS, JavaScript, and React. Familiar with component-based architecture, basic REST API integration, and version control using Git and GitHub. Focused on clean code, clear logic, and continuous growth through practical projects. Looking for an opportunity to grow as a frontend developer in a team environment and contribute to real-world products.

## WORK EXPERIENCE

### Pet & Learning Projects

2024 - 2026

*Frontend developer*

- Developed responsive landing pages using HTML, CSS, JavaScript.
- Built interactive UI components with React using a component-based approach, such as a Trello app and other simpler applications.
- Implemented basic client-side logic, event handling, and DOM manipulation.
- Integrated public REST APIs for dynamic data rendering.
- Worked with Git/GitHub: commits, branches, pull requests.
- Paid attention to layout accuracy, responsiveness, and cross-browser compatibility
- Continuously improved projects based on code reviews and self-reflection

### Administrative / Financial roles

2013 - 2022

Accountant / Economics Specialist

*Public and Private Sector Organizations*

## PORTFOLIO

PORTFOLIO

DI-GI

MY-TRELLO-APP

GIT HUB

- Developed strong skills in responsibility, organization, and attention to detail.
- Gained experience working with documentation, deadlines, and structured processes.
- Monitored economic and infrastructure indicators.
- Coordinated with enterprises and industry organizations to promote district development.
